Stephen Vinuya

Associate Lead Developer | Speaker | Microsoft MVP | Community Lead Angular PH
Phone: 0939 905 2618 ● **E-Mail: onecompileman13@gmail.com** ● **Website: onecompileman.com**

Summary

Hi I'm Stephen! I am passionate full stack web developer who specializes in using Angular for development. I am very meticulous in coding such that I always apply Gang of Four design patterns in my codes to make them elegant and readable. I also do seminars about web development and HTML 5 game development to help aspiring developers in building their career.

Experience

Lead Developer, Cognizant Softvision   July 2022 – Present

Responsible for leading and developing Banking website.

Doing trainings for Angular.

Freelance Web Developer   **Aug 2016 – Mar 2018**

During the time that I'm doing freelance services, I have created apps and websites for my clients, some of my projects are:

Overexposure
Techs: Laravel, MySQL, Bootstrap, AJAX and Jquery

Description: overexposure.co is an online booking system for photography services that connects and exposes the local market to a diverse, and unique pool of photography styles. We aspire to help create a world that encourages the artistic individuality of young, and talented photographers all over the country, and bridge them to a wider audience seeking their singular style and aesthetic.

eco-Saver
Techs: Laravel and MySQL (API), Ionic 2 and Angular 2 (Mobile), Angular 4 (Web-Client)
Description: eco-Saver is a mobile game that promotes environmental awareness to its players.

Achievements

Microsoft Most Valuable Professional (Awardee)
(Mar 2019 to Present)

Microsoft Most Valuable Professionals, or MVPs, are technology experts who passionately share their knowledge with the community. They are always on the "bleeding edge" and have an unstoppable urge to get their hands on new, exciting technologies. They have very deep knowledge of Microsoft products and services, while also being able to bring together diverse platforms, products and solutions, to solve real world problems

Accenture Program the Future 2016(Overall Champion)
(Aug 2016)

Accenture Program the Future is conducted by Accenture Inc. which is a student competition that calls on participants to create ideas for a game or software that will increase the competitive advantage of small and medium-sized enterprises (SMEs).

Our team named "Team Babbage" brags the victory for our "Agent Tracer Pro" application, which aims to help business owners track their employees on field. We have won a total of 210,000 pesos and a tour to Accenture IOT branch in Singapore.
