## Summary

---

Hi I'm Stephen! I am passionate Full-stack web developer who specializes in using **Angular (2- 20)**, **TypeScript**, **.Net**, **C#**, **Node.JS**, **Nest.JS**, **AWS SAM(Serverless)**, **Cloud Functions**, **React**, **JavaScript** with knowledge and some hands-on experience on **Cloud** like **AWS**, **GCP** and **Azure**.

I am one of only eight **Microsoft MVPs** in the Philippines during my tenure, honored for five consecutive years **(2019–2024)** in the Developer Technologies category. This recognition reflects my commitment to advancing the developer community and mentoring others toward successful careers.

With over five years of experience as a Team Lead, I have guided teams in delivering high-quality products to clients. In addition, I bring deep architectural expertise in frontend development—particularly in Angular—where I design scalable, maintainable solutions that align with modern best practices.
